

Community Drug Coalition

Agenda

Monday, October 27, 2008

1 pm

Community Campus is Hailey

“To improve the health and safety of our community by decreasing alcohol and other drug use among our youth.”

Open

Introductions

Review of Minutes

1. Coalition Infrastructure

■ Announcement of new CDC Director

■ Review of Membership Application

Teresa gave an overview of a possible application, making amendments from comments received by members of the CDC.

3. Resource Assessment

(No discussion at this time.)

4. Select and Implement Programs, Practices, and Policies

■ Community Event Update

Erin talked about the Fall Conference.

■ CDC Community Representation at Event

Eric Thomas talked about the resource fair; about 35 booths are expected.

■ Updates on Project 7th Grade

Erin gave an update; drug kits are available at the Community Center for Health which have been paid for by the probation department. Some high school parents have asked for kits, but mostly the requests are coming from middle school students.

5. Grant and Fiscal Management

■ BJAG Update – Holly Carter

The final BJAG report is being worked on. We have meant criteria for 2008 and will be receiving funding (although at a reduced amount...approximately 22% decrease in funding for all grantees.)

6. Evaluation Methods

■ Update on School Climate Survey

The survey is ready to go out with the majority funding provided by the school district. Additional surveys have been purchased by the probation department for Wood River High School and the middle school.

7. Open Floor

Dayle raised the issue about the course of action parents can take when information is discovered/revealed about drug usage among middle school/high school students. Some parents have voiced frustration about who they should talk to...the course of action they should take.

General Information

Next Meeting: Monday, November 24, at 1 pm in Room 211 at the Community Campus in Hailey.
